

We at Dakine Home Builders Inc. are committed to building sustainable homes using smart designs and eco-friendly building practices that support environmental preservation. We incorporate environmental protection in our strategic decisions and conduct our business in a manner that balances the environmental and economic needs of the communities in which we operate.

**We will:**

- ♻️ Be sensitive to and responsible for the environment;
- ♻️ Comply fully with all relevant environmental legislation and regulations and meet or exceed good environmental practices;
- ♻️ Work with our partners (i.e. contractors, suppliers, interest groups) in a concerted effort to operate in an environmentally responsible manner;
- ♻️ Create a cleaner and greener environment by making continuous efforts to be energy-efficient and to practice Reduce, Reuse and Recycle; and,
- ♻️ Integrate environmental management into our business and continually monitor, evaluate and improve our environmental management practices to ensure efficient use of our limited resources.

This policy will be communicated to all parties interested in the performance of our environmental management system, including our employees, trades, suppliers, customers, the general public and any other individuals seeking information on our EMS approach.

A handwritten signature in blue ink, appearing to be "TB", is written over a faint circular stamp.
